

Menu Review

Menu Review

Crandall is offering a **NEW** service which allows communities the opportunity to have their menu reviewed and approved by a Registered Dietitian. This service is for **permanent** menu changes and does not apply to temporary menu substitutions.

Benefits

- Your menu can be reviewed by a Crandall corporate RD in case you do not have an RD in your community or your local Crandall RD is not available.
- Stay in compliance by always having your current menu reviewed and signed.

How It Works

Details

1. Send your revised menu to Crandall— required documents for submission are: Week at a Glance, Spreadsheets and Substitution List.
2. A Crandall corporate RD will review your menu.
3. If further changes or adjustments are needed, the community will be contacted.
4. When the menu is approved, it will be signed and returned to the community.
